Career Objective

An enthusiastic Information Science and Engineering student with a good foundation in Java and a solid background in web development. I have a growing interest in AI, actively exploring creative applications and projects. Known for organizational skills and leadership qualities, I believe in continuous learning and enjoy applying new technologies in real life.

Skills

Technical Skills: Java, Spring Boot, HTML, CSS, JavaScript, DSA, MySQL, Git & GitHub, React (Basic), AWS, Python (Basic)

Soft Skills: Problem Solving, Time Management, Collaboration

Education

Bachelor of Engineering (Information Science and Engineering), Yenepoya Institute of Technology

CGPA: 8.2

Year of Graduation: 2025

Pre-University Education (Science Stream), Govt PU College, Bailoor

Percentage: 78.83%

Year of Completion: 2021

Higher Secondary Education, Govt Junior College, Bailoor

Percentage: 78.24%

Year of Completion: 2019

Internship Experience

Java Fullstack Development Intern, Kodnest (Feb 2025 – Present)

- Developing a responsive e-commerce website using HTML and CSS
- Learning backend development with Java and SQL for dynamic applications
- Strengthening problem-solving with regular DSA practice in Java

AWS DevOps Intern (Sep 2024 – Dec 2024)

- Gained hands-on experience in AWS services including EC2, S3, IAM, and VPC
- Automated CI/CD pipelines using Jenkins and GitHub Actions
- Implemented Docker containers for application deployment and scalability
- Worked with monitoring tools to improve system reliability and uptime

Frontend Development Intern, Udupi Web Solutions (Oct 2023 – Nov 2023)

- Built a responsive e-commerce website with HTML and CSS
- Demonstrated teamwork in Web Development and UI design

Projects

- **Online Course Website (HTML, CSS, JavaScript):** Developed an educational website using HTML, CSS, and JavaScript for the frontend. Designed interactive pages to enhance user engagement and learning experience. Implemented responsive design for accessibility across devices.
- **Employee Management System (Java Swing, Hibernate, MySQL, Maven):** Built an Employee Management System with CRUD functionality. Designed desktop UI using Java Swing and connected backend with Hibernate and MySQL. Configured project with Maven for dependency management and build automation.
- **Course Coordinator's Diary (PHP, MySQL, HTML, JS, CSS):** Streamlined course management and tracking

Certifications

- Java Training (IIT Bombay)
- Python Training (IIT Bombay)
- Cloud Computing Fundamentals (Infosys Springboard)

Additional Information

Languages: English, Kannada, Konkani, Hindi, Tulu

Volunteer Experience: Member of Rotaract Club, YIT Moodbidri (2022–2025), involved in community service and leadership initiatives.
